Tiger Claw White Paper No. 004

DATE ISSUED

June 27, 2026

This document and the opportunity it describes are shared with you in confidence. Before reading further, please review and sign below, then return this page as instructed.

Acknowledgment of confidentiality. By signing, I, the named recipient, agree that the contents of Tiger Claw White Paper No. 004 — including the product, the method, the commercial arrangement, and any related conversations — are confidential and proprietary to Brent Bryson and Mariah Marketing LLC. I will not copy, forward, publish, or disclose any part of it to any third party without prior written permission, and I will use it solely to evaluate the opportunity offered to me. This receipt confirms my acceptance and my receipt of the document.

This is a good-faith acknowledgment meant to keep an early-stage opportunity private while we talk.

01 WHY YOU, WHY FIRST

EXAMPLE RECIPIENT, THIS ONE IS FOR YOU.

You've built a real team. You know the bottleneck isn't desire and it isn't talent — it's **follow-up**. Good people get busy, threads go cold, and prospects who were genuinely interested quietly disappear.

I built something that fixes exactly that — and I'm bringing it to a short list of leaders I trust before anyone else. You're on it. This paper tells you what it is and what's in it for your team. The numbers and the deal, we'll do on a call.

02 WHAT TIGER IS

AN AI FOLLOW-UP AGENT — ONE FOR EVERY PERSON ON YOUR TEAM.

Each distributor gets their own agent, named Tiger. It holds warm, real conversations with their prospects and contacts, tends the relationships they already have, notices who is actually ready, and hands that ready person back to your distributor to book the call.

It is deliberately **not** a chatbot and **not** a mass-blast tool. It decides what to say, when to push, and — just as important — when to pull back. Your people don't read every message. Tiger watches around the clock and surfaces only what needs a human.

An eye, not eyeballs. Your team stays present over every conversation without being buried in any of them.

03 THE METHOD

THE PART THAT ACTUALLY MATTERS.

The software is the easy part. The soul of this is the **method** — recruiting doctrine pulled from top-producer field experience since 1989 and built into the top of every conversation Tiger has.

Move the prospect from a **photograph** — frozen at a failure or a burn — to a **movie**, where that hardship was just one scene. Recruiting, not selling. Pain first. Wait for the ask before you ever pitch. Stories, not statistics. People who get closed don't last; people recruited right stay thirty years.

It's the way your best people already sell — codified, so every conversation runs on it whether your distributor is a natural or brand new.

04 WHAT YOUR TEAM GETS

YOUR NAME ON IT. YOUR TEAM INSIDE IT.

This is a **white-label** opportunity. It can carry **your** identity — your name, your brand — or run co-branded with Tiger. Your call.

Every distributor is live on day one, no setup headaches, no code. Tiger works two real sources of people for them: their **warm circle** (tended automatically — nine of ten touches are pure relationship with no pitch) and **cold prospects** Tiger discovers and qualifies. It all lives in one simple dashboard built around a single next action — not a wall of dials.

05 THEIR LEADS ARE TRULY THEIRS

ONE PROSPECT. ONE DISTRIBUTOR. FOREVER.

This is locked in the system, not a setting: a prospect belongs to **one** of your people, permanently — never two distributors working the same person, never a collision inside your own team.

It's a promise you can make your field and mean it: **the prospects they work are theirs**. And when someone says "stop," it holds everywhere, instantly — consent is airtight, so your team's reputation is protected by design.

06 THE TEAM OPPORTUNITY

A GROWTH ENGINE YOU OWN — NOT A TOOL YOU RENT.

Here's why I called you specifically. There's a **team arrangement built for leaders**: you stand it up for your organization, it duplicates down every leg as people join, and credit is stamped permanently to the people who build.

I'm keeping the specifics for our conversation, because the right shape depends on your team and your goals. But the headline is simple — handled right, this becomes **an asset under your name** that grows as your organization grows.

Retail is **\$147 per distributor, each month** — one price, no tiers. Team white-label partners earn a discount off that in exchange for a seat commitment. What the discount is, and what the commitment looks like, is exactly what our call is for.

07 WHERE IT HONESTLY STANDS

I WON'T OVERSELL YOU.

You know me, so here's the straight version. The core is **live and running on real payments today** — the conversation agent, the dashboard, calendar booking, the cold-lead engine, and the one-prospect-one-distributor rule. The warm-circle engine is **built and switching on**. A couple of channels are still **coming**.

● LIVE NOW · AGENT · DASHBOARD · BOOKING · LEADS

● SWITCHING ON · WARM CIRCLE

● COMING · SMS · WHATSAPP

You'd be early — which is the whole point of bringing it to you first.

08 THE ONE NEXT STEP

LET'S TALK.

1. Sign the confidentiality receipt on page 2.
2. Send it back to support@tigerclaw.io.
3. Reach out and let's put thirty minutes on the calendar — I'll walk you through the live product and what a team deal looks like for your organization.
